DETAILED ACTION

1. This office action is in replay to an amendment filed on April 12, 2006.

Claims 1-20 and 22-24 are pending/examined.

Response to Arguments

2. Applicant's remark/arguments filed on May 05, 2006 regarding independent **claims 1 and 9** have been considered but are moot in view of allowance.

The allowance is made since Applicant during a telephonic interview was able to explain how the claim limitation is different from the reference/s used in the record, namely the combination of Derks and Layson.

The telephonic interview was conducted on May 4, 2006, with the presence of the examiner and the supervisor Mr. Barron Gilberto.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. **Claim 1** is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 1 recites, the limitation "**receiving the acoustic wave via the microphone**". It should have been corrected as "**receiving the acoustic wave via the speaker**." The speaker is the sound receiving sub-system and the microphone is the sound transmitting sub-system. Therefore the acoustic wave should be received via the speaker not the microphone.

Appropriate correction is required.

Art Unit: 2132

5. **Claims 2-8, 19-20 and 22-23** depend from the rejected claim 1, and include all the limitations of the respective claims, thereby rendering those dependent claims indefinite.

Allowable Subject Matter

6. **Claims 9-18 and 24** are allowed.
7. **Claims 1-8, 19-20 and 22-23** will be allowed if the applicant overcome the 35 USC § 112 rejection set forth in this office action.

Conclusion

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
